

Certified Lightnin[®] Mixer Repairs Now Available Locally!

R.E. Mason is now an SPX Flow[®]
Authorized Service Provider
for Lightnin Mixers

Our technicians are skilled at inspecting and repairing

- ◆ Portable mixer units
- ◆ Series 10 and Compact top entry units
- ◆ VS, RSE, and Plenty side entry units

Rather than shipping back to the factory and "getting in line", we can repair these mixers at our Charlotte facility "Lightnin fast"!! This can be especially important during plant outages.

Planning for an outage? Have a gearbox that needs repairing? Want to align your spare mixer strategy with a reliable repair program? Let's discuss your Lightnin repair and spare mixer needs to ensure minimal downtime.
